DETAILED ACTION

Claim Listing

1. Claim 23, which was cancelled in the preliminary amendment filed 1 May 2002, has been presented with new text and identified as a new claim in the claim listing. Applicant is reminded that 37 CFR 1.121 (c) requires that a claim which was previously cancelled may be reinstated only by adding the claim as a "new" claim with a new claim number. For the purpose of expediting prosecution of the Application, the Examiner has interpreted newly presented Claim 23 as being Claim 25, and any references to Claim 25 are directed thereto.
2. Claim 24, which was cancelled in the preliminary amendment filed 1 May 2002, is not present in the claim listing. Applicant is reminded that 37 CFR 1.121 (c) requires that each amendment document that includes a change to an existing claim, cancellation of an existing claim, or addition of a new claim, must include a complete listing of all claims ever presented, including the text of all pending and withdrawn claims, in the application.

Allowable Subject Matter

3. Claims 1, 3-4, 8-11, and 25 are allowed.

4. The following is an examiner's statement of reasons for allowance: The claims are allowable in light of Applicant's amendments and persuasive arguments. The prior art fails to disclose, either alone or in combination, all of the limitations in the combinations as claimed.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

Election/Restrictions

5. This application is in condition for allowance except for the presence of Claims 6-7, 12-15, and 17-22 directed to an invention non-elected without traverse. Accordingly, Claims 6-7, 12-15, and 17-22 have been cancelled.
